## KITSCH PARTY 2012 – A Fairy Tale...

---

Once upon a time, a prince named Angelo, lived in a castle in a land not too far away by a big, big lake. He was a happy, but a lonely prince. Oh, he had great looks, body and riches untold. But he was all alone listening to his fairyPod dancing in the empty halls of his grand home.

To share his love of magic, music and good times, he decided to give a party for all the gays and friends of this lovely land. And who knows, maybe he would meet his prince charming for the "Happily Ever After"...

### **KITSCH PARTY – A Fairy Tale 28 January 2012 - Volkshaus Zurich**

We are proud to welcome DJ/producer Micky Friedmann at the turntables. His club performance list looks like a trip around the world: Splash and Alegria in NYC, Hustlaball London, Scandal Ibiza, Circuit Barcelona, La Demence Brussels, Celebrities Vancouver, GMF Berlin... and finally Zurich!

Is Micky Friedmann hot? You bet. Both the man and his music. With his promise for music that is intelligent, people go home with an experience, something new in their heads. You will love the sexy sound of Micky Friedmann.

The Upper Floor will again host our local legends: The duo Wollana and Rolly nearly crashed the dance floor in 2011 and people screamed for more! So here you go again. The DJ duo from Lollipop is all yours again!
